### Applying through UCAS to study in the UK How to enter Cambridge IGCSE English Language qualifications on the application form Cambridge IGCSE (A\*-G)

If you are applying to study at universities or colleges in the UK, you should apply through UCAS. The application system, available at <u>www.ucas.com</u>, requires learners to enter their qualifications – both achieved and those currently studied. The guidance below will help you enter your Cambridge IGCSE English Language qualification details on the UCAS application form.

**Please note:** We strongly advise students to check the English language requirements of their selected universities and individual departments/faculties prior to submitting their UCAS application because these requirements can differ depending on your nationality and where you are domiciled. Students who require a Tier 4 visa can find additional information on the Cambridge IGCSE recognition webpage of our website: http://www.cambridgeinternational.org/recognition-and-acceptance/.

### Cambridge IGCSE English Language qualifications

There are two Cambridge IGCSE English language qualifications:

- Cambridge IGCSE First Language English syllabus 0500
- Cambridge IGCSE English as a Second Language syllabuses 0510 and 0511

Grades for either First Language English (0500) or English as a Second Language (0510 or 0511) must be entered under the section International GCSE on the UCAS online application form.

### How will I know which syllabus I have taken?

Your Cambridge IGCSE Statement of Results provides the syllabus information in full. Alternatively, your English teacher will be able to help. You can also confirm which qualification you took by checking which syllabus appears on your Cambridge IGCSE certificate.

In **Cambridge IGCSE First Language English (0500)** the Speaking and Listening test is optional. This means your school decides whether to enter you for this test. The Speaking and Listening test is separately endorsed. This means you receive a separate grade for it. Your endorsement grade will appear on your final certificate as a numerical grade between Grade 1 (high) to Grade 5 (low) alongside your overall grade for 0500. If you took the Speaking and Listening test and the mark awarded was below the minimum standard required for a pass then no endorsement grade will appear on your certificate.

For Cambridge IGCSE First Language English (0500) where the Speaking and Listening test **has not been** taken, only your overall grade (A\*-G) will be recorded on your final certificate. There will be no endorsement grade of 1-5 on your certificate.

For **Cambridge IGCSE English as a Second Language (0510)** the Speaking (Oral/Aural) test is separately endorsed. This means that the mark for your speaking test does not contribute to your overall grade. The speaking test is marked separately and the mark will appear on your final certificate as a numerical grade between Grade 1 (high) to Grade 5 (low) alongside your overall grade (A\*-G). If you took the Speaking test and the mark awarded was below the minimum standard required for a pass grade then no numerical grade will appear on your certificate.

The **English as a Second Language (Count-in Speaking) (0511)** syllabus means that the marks for the speaking component contribute to the overall grade. This grade is recorded on your final certificate.

# How to enter the grade for your Cambridge IGCSE English language gualification on your UCAS application

## Cambridge IGCSE First Language English (0500) or Cambridge IGCSE English as a Second Language (0510 or 0511)
